## Arizona Is Home – Borrower(s) Income

**Borrower(s) income must be 80% or less than the Area Median Income (AMI) for the county that the subject property is located in.**

Non-occupant co-signors/co-borrowers are NOT allowed on the Arizona Is Home program.

- Applicants must have an annual gross income that is within Program limitations.
- When calculating Program Eligibility Compliance Income, there are **two** types of income to consider – gross **income from an employer** and **income from all other sources**. Include all income unless specifically listed as excluded within the Arizona Is Home Program Guidelines.
- Income is calculated by taking the Applicant's current gross monthly income, as well as that of anyone else who is expected to live in the Residence and become liable on the Deed of Trust or Mortgage.
